WHEELING & EASTERN THINKS WHEELING COAL ROAD A JOKE

Believe Pennsylvania Subsidiary's Movement is Merely to Frighten

W. & E. ARRANGING FINANCES

Just a bluff, that's all. Such is the way the promoters of the Wheeling & Eastern Railroad characterize the movement of the Wheeling Coal Railroad towards building a line from Wheeling to Waynesburg and then cross-county to connect with a line to the Monongahela valley and another line to Washington. The Wheeling & Eastern people have laid plans for building a line from Wheeling through two counties to Rices Landing on the Monongahela.

Discovery has lately been made that another corporation has prior claim to the name of Wheeling & Eastern, but steps to remedy this have been taken by the promoters. A meeting has been called for June 19 of capitalists interested in the project and at this meeting not only will name difficulties be settled, but also financial arrangements made for putting the line through. It is expected that ample capital will be provided for the construction and equipment of the road, and that work will begin thereon before long, regardless of the operations of the rival company.

It is mentioned that the new road will be both easy and cheap of construction the maximum grade being less than one per cent. Little tunneling will have to be done. The savings in freights, it is estimated will aggregate in excess of $3,000,000 annually, whereas liberal estimates of construction and equipment costs are well within $6,000,000.

It is advanced that with the construction of the line from Wheeling to the Monongahela valley, within 20 miles of Connellsville, some interest, either to Western Maryland or the Wheeling and Lake Erie or both together will finance the construction of an extension to the connecting point at Rices Landing. However Rices Landing is now on the Pennsylvania line and a short cut to Pittsburg would be the result if traffic arrangements could be perfected.

The Wheeling & Eastern people think their rival, the Wheeling Coal Railroad, will not build because their lines would follow nearly the same course as the Wheeling & Eastern and because the returns would not justify the building being done. The Wheeling Coal Railroad is backed by the Pittsburg, Cincinnati, Chicago & St. Louis Railway a Pennsylvania subsidiary.

COUNCIL PLANS INVESTIGATION

Garbage Questions to be Taken up by the Borough Council at Meeting

HEARINGS ARE ARRANGED

There will be a councilmanic investigation of the much mooted garbage question, and to that end council will meet tonight. This comes as a climax to the happenings of the last two days, some sensation having been attached to the serving of summons on a large number for dumping rubbish and refuse on private ground instead of having it hauled to the garbage furnace and burned. Hearings will be given about a dozen persons tonight on the charge.

Repairs are now being made at the garbage furnace. It is said bars were allowed to be burned out before others were secured to replace them and this has caused trouble. Then some time ago the stack was blown down by the wind. This stack will be replaced today if possible.

The contract for hauling garbage is held by Harry Perry and he will be called by council tonight to explain the situation from his point of view. Complaints have been made by a number that it is difficult or impossible to get refuse hauled and Mr. Perry will be asked to answer this charge.

The dozen who will appear before Burgess Woodward tonight are alleged to have dumped refuse on coal company property.

Three of Seven Fined.

Three of seven whose cases were heard by Burgess Woodward for disorderly conduct on Meadow avenue between Second and Third streets were fined Thursday night. They were Mrs. Snyder, Mrs. H. E. Engle and H. E. Engle. Their fine was $1 and costs. Four were discharged.

FLAG DAY SERVICE ARRANGED BY ELKS

Judge R. W. Irwin to be Speaker Next Wednesday Night at Public Exercises—Patriotic Program is Arranged by General Committee

The Flag day celebration arranged by Charleroi lodge No. 494, B. P. O. Elks for next Wednesday evening, June 14 at the Charleroi high school auditorium, is destined to be one of the outstanding events of the season. The committee having charge of the arrangements have secured Judge R. W. Irwin as speaker and local vocal artists to make complete an interesting patriotic program.

Judge Irwin's address will be a message on patriotism well calculated to sink deep into the hearts of all Americans. His subject will treat upon preparedness and many of the questions that will confront the American people during the presidential campaign that is about to be launched. Hewill talk from the standpoint of an American and not a partisan. The American flag furnishes ample material for a great patriotic demonstration and a beautiful service is anticipated with the ritualistic work of the Elks.

Singing of patriotic songs by the audience will be a feature. Prof. I. T. Daniel will direct. The soloists for the occasion will be Miss Jean Bowers, soprano and Miss Isabella Dorbritz, contralto. Miss Bethel Bowman and Felicie Bosson will be the accompanists.

Special arrangements have been made to have as many as possible of the old soldiers attend. They will be taken to and from the auditorium in automobiles and special reserved seats will be set aside for them.

The Elks is one of the very few of the patriotic organizations that has set aside the birthday of the nation's emblem that the spirit of its significance may be kept green. This is the first year that public exercises have been arranged.

Formation of New Organization Said to be Their Intention

NOT TO RETURN TO WORK

The formation of a new district organization the object of which will be combat the organization now at the helm of miners' affairs is in prospect in the Monongahela valley now, according to a rumor that is traveling up and down the Monongahela river. Instructions to miners to return to work has only served to further agitate the socialistic or radical element and the conservatives hesitate to act.

Sentiment was divided among valley miners when they heard the instructions from the international officers Thursday to return to work. The radical element declared straight off they would not obey. "We will organize a district union of our own first" they are quoted as having said. So the matter rests.

A number of mines in other parts of the district have resumed operations pending an adjustment of scale troubles. Along the Monongahela valley the radical element seems to have fuller sway.

What will come from the attack upon the district organization is a question, especially since the international organization is now made a target of attack. Some of the independents are contemplating operating their mines non-union and there may be a general movement in this direction. It has been hinted at frequently and it is known that some of the companies are considering entering West Virginia and other fields to secure men.

A CHANCE TO SEE AMERICA

The [illegible] summer [illegible] with new [illegible] will be turned upon [illegible] neglected duty. That duty is to get acquainted at first hand [illegible] of the glories of their own country. The continued difficulty of travel in Europe will thus accomplish a highly useful result, says the Unfettered Genius of Liberty.

It is [illegible] to [illegible] many Americans who up to last year invariably turned their eyes Europeanward at the first whisperings of the vacation spirit that our country [illegible] es all the attractions which they have hitherto sought in foreign cities—attractions of mountain, and seacoast, and fjord, and plain, and lake, and stream. All the natural beauties of America, from Maine to Alaska, are coming to their own as destinations of seekers after summer delights.

Such an acquaintance with his own country cannot fail to be of benefit to every American, apart from the rest and recreation which he will find therein. It will teach him the physical greatness of his country. It will impress him with its immensity and its unity. It will enable him to grasp with clearer understanding the varied problems that confront the various communities of the vast domain.

There is sound philosophy in the German custom of which an exchange makes mention. It requires every university man, upon his graduation, to spend a year in travel, particularly in his own country. Such an acquaintance helps him to visualize Germany. The necessity which is operating to make Americans visualize America will add to the sum total of our willingness to serve America.

GIRL SUES TO RECOVER SALARY CLAIMED DUE NOW

Miss Irene Zane Maintains in Case Against County That Month's Pay Is Not Forthcoming—Controller Says She Lacks Experience.

Irene Zane, voucher clerk in the office of the county commissioners Thursday filed a suit against the county of Washington to recover the sums of $32.50 with interest May 1, 1916, and a similar sum with interest from May 15, 1916 alleged due as wages. The suit is the outcome of the action of Controller T. J. Underwood taken recently in disapproving the voucher for the salary of Miss Zane.

Miss Zane avers that when she was elected her salary was fixed by the commissioners at $60. On or about May 1 she further sets out she was chosen to succeed Miss Genevieve Donner, as voucher clerk, Miss Donner having resigned and her salary was fixed at $65 a month. She avers the responsibilities of voucher clerk are greater than those of a stenographer and the wages correspondingly greater.

She avers that here is due her a month's salary, $65, payment of which has been refused her. It is understood the controller takes the position that Miss Zane is not the experienced clerk that her predecessor was and therefore she should not at this time be paid the same salary as the retiring voucher clerk.

WOMEN'S STOMACH TROUBLES

The Great Woman's Medicine Often Just What Is Needed.

We are so used to thinking of Lydia E. Pinkham's Vegetable Compound as a remedy exclusively for female ills that we are apt to overlook the fact that it is one of the best remedies for disorders of the stomach.

For stomach trouble of women it is especially adapted, as it works in complete harmony with the female organism, since it contains the extracts of the best tonic roots and herbs. It tones up the digestive system, and increases the appetite and strength. Here is what one woman writes showing what this medicine does:—

Newfield, N. Y.—"I am so pleased to say I can recommend Lydia E. Pinkham's Vegetable Compound as an economical and beneficial remedy in most ailments pertaining to women. At least I found it so by only taking two bottles. I had indigestion in a bad form and I am now feeling in the best of health and owe it all to Lydia E. Pinkham's Vegetable Compound."—Mrs. BURR WILLIAMS, R. D. No. 29, Newfield, N. Y.

Many women suffer from that "all gone feeling." and "feel so faint," while doing their work. Ten chances to one their digestive system is all out of order. A tablespoonful of Lydia E. Pinkham's Vegetable Compound after each meal should completely remedy this condition in a few days.

PICKED UP IN PASSING

The manager of a large engineering works in Oldham is never happier than when taking a rise out of his inferiors in position. He was telephoning to a sub-contractor who had always resented the manager's arrogance.

"I say, Wilde," began the manager, "are you aware that we want those tubes this year, not the next?"

"Yes, sir."

"Well, then, rouse up that antiquated establishment of yours as if you meant business."

"We'll try, sir."

"There's no trying about it. When will they be ready?"

"They're ready now, sir."

"You blitherin' idiot, why didn't you say so?"

"You never asked, sir."

"Oh, say, Wilde, is there a confounded fool at the end of this telephone?"

"May be, sir; but it isn't this end?"—London Tit-Bits.

A little boy in a nature study class had been impressed by his teacher's talk on being kind to all animals. While out walking with his teacher one day he became tired and sat down. A few minutes later his companion was startled by a terrific scream. Upon being asked what was the matter he answered, tearfully:

"I've been siting on a hornet, and I'm afraid that I've hurt the poor thing."

John was grieving because he had no gift for his mother's birthday.

"Do not quarrel with little sister all day," suggested grandmother.

"That would be the best gift she could have," John agreed.

"Can't you see how much mother enjoyed your gift, John?" asked grandmother at night. "Why don't you do this every day?"

John drew a breath that came from his boots.

"Id rather die, grandma, than live like this every day!" he said, fervently.

PROF. STUART FINDS RELIEF FROM CATARRH

Well-Known Instructor of Mathematics in Erie High School Praises Tanlac

Prof. R. R. Stuart, teacher of mathematics in the Erie High Schol, who resides at 151 E. Sixth Avenue, Erie, Pa., made the following conservative, but interesting statement regarding the benefits he received from Tanlac, the celebrated new combatant, tonic appetizer and invigorant that is now being so widely discussed and distributed in this city and vicinity.

Prof. Stuart said:

"I have suffered intensely from both bronchial and nasal catarrh. I also had a severe case of indigestion which caused me equally as much annoyance and inconvenience.

"My symptoms were pains in my abdomen a distressed feeling after eating, susceptibility to cold, inflamed bronchial tubes and nasal passages, discharges of catarrhal mucus, and an offensive breath.

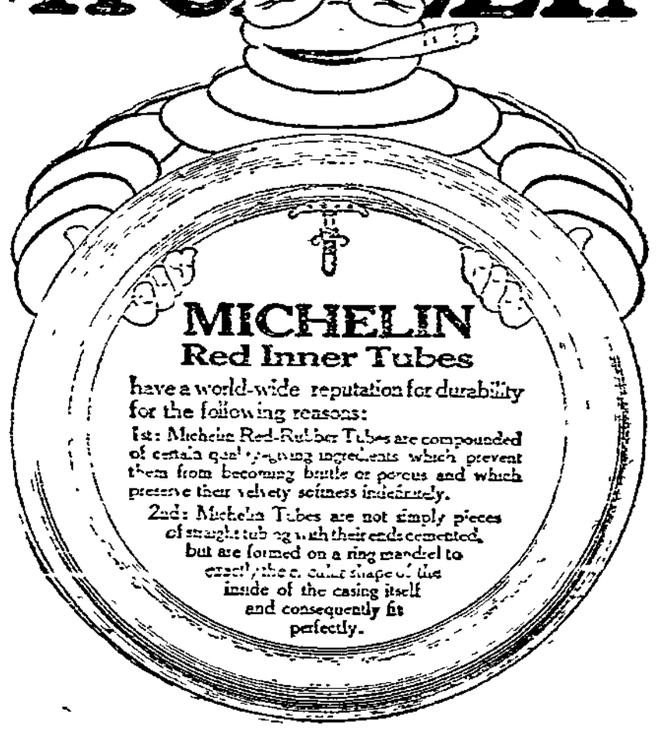
"On November 29, my attention was attracted to the Tanlac advertisement in the Erie newspapers. I concluded to test the new medicine.

"Within three days' time, after beginning the use of Tanlac, I noticed a marked improvement in my condition. The inflammation has disappeared from my bronchial tubes and nasal passages, my digestion is almost perfect, and I am generally better.

"I recently fell and broke my arm. I lost much strength as the result of this accident. Tanlac has been a great aid in recovering that lost strength."

Tanlac is now sold in Charleroi exclusively by Pipers Pharmacy where the premier preparation can be had.

MICHELIN



MICHELIN
Red Inner Tubes
have a world-wide reputation for durability for the following reasons:
1st: Michelin Red-Rubber Tubes are compounded of certain qualifying ingredients which prevent them from becoming brittle or porous and which preserve their velvety softness indefinitely.
2nd: Michelin Tubes are not simply pieces of straight tubing with their ends cemented, but are formed on a ring mandrel to exactly the same shape as the inside of the casing itself and consequently fit perfectly.

SPENCER AUTO GARAGE, CHARLEROI PA.

Michelin Red Inner Tubes give the utmost economy and satisfaction.
